

## Borehole Imaging Tools Optical Borehole Televiewer

BFGeosupply is appointed as an official reseller for all manufacturing program of Electromind. Televiewers of this Luxembourg's company represents a major technological advance in the field of borehole imaging tools.

**Optical Borehole Televiewer** provides a continuous high resolution 360° oriented image of the borehole wall. The tool can be run in water or gas wells.

Optical Televiewer - Technical Data:	
Length:	5.3ft (1.63m)
Diameter Housing:	1-11/16" (42mm)
Diameter Bottom Section:	2-1/8" (52mm)
Max. Operating Temperature:	140°F (60°C)
Max. Operating Pressure:	10MPa (100bar, 1450psi)
Optional Max. Pressure:	20MPa (200bar; 2900psi)
Measuring Range:	3" to 20" (75mm to 510mm)

Applications for Optical Borehole Televiewers are versatile:

- Fracture and Stratigraphy Imaging and Characterization
- Replacement of Coring
- Lithological Characterization
- Replacement of Camera Survey
- Casing Investigations
